

American Rhododendron Society
Greater Philadelphia Chapter

Cut-Flower Competition
Catalogue of Previous Entries

Saturday, May 12, 2018
Morris Arboretum
100 E. Northwestern Avenue,
Chestnut Hill, Philadelphia
Deadline for entries: 8:45 a.m.

This list includes rhododendron and azalea entries since 1980 and is intended to aid in completing entry tags. The first two sections list species and named rhododendron and azalea hybrids (registered or not). The last section lists unnamed hybrids, with an explanatory rubric.

This catalogue supersedes all prior catalogues for both the Greater Philadelphia and Valley Forge Chapter competitions. As a result of the merging of the lists, a number of cultivars are marked with an asterisk and their proper class and section will be determined on site by the Classification Committee.

The Classification Committee reserves the right to divide sections or reclassify entries. When entering unnamed hybrids in Classes 2, 3, 5 and 6, kindly consult the Classification Committee and the rules.

Any rhododendron or azalea, whether listed here or not, may be entered if rules are met, including plants whose name is lost or unknown.

Exhibitors printing this list may wish to omit Pages 15-20 (unnamed hybrids).

UNNAMED HYBRIDS

The following unnamed hybrids include clones entered as new hybrids in previous years. They now must now be entered in Class 2, 3, 5 or 6. A new cross of the same parentage may be entered in Class 7 or 8 if the exhibitor can demonstrate that it is a different clone. Decision to place an entry is solely at the discretion of the Classification Committee and Show Chairman.

The show chairman welcomes corrections and updates for this list (e.g., names, registered or not). Contact Michael Martin Mills at mmm19119@gmail.com or 215-844-6253.

If an asterisk (*) appears instead of a classification number, the correct section will be determined by the Classification Committee

Names in parentheses are of hybridizer and/or competitor.
